

DEUSTO BUSINESS SCHOOL-UNIVERSIDAD DE DEUSTO
PhD in Business and Territorial Competitiveness, Innovation, and Sustainability
Doctorado en Competitividad Empresarial y Territorial, Innovación y Sostenibilidad (CETIS)
“Fundamental Theories in Competitiveness, Innovation, and Sustainability”
ECONOMIC GROWTH
ASSIGNMENT (OPTIONAL)

- Choose one of these topics:
 1. (More demanding) You have to write a short paper describing and explaining the sources of growth for some country of your choice for the whole period, and/or for convenient sub-periods, available in the database.
 2. (Less demanding) Alternatively, you have to write a short paper focusing on some issue (overall growth, growth by industries, ...) more related to your topic, which should be related to the content of this module.
- The assignment should be written in a Word document, paying attention to formal aspects. Maximum length: 5.000 words. Do not worry for writing shorter papers than 5.000 words.
- Main source: The Conference Board's Total Economy Database™, at <https://www.conference-board.org/data/economydatabase/index.cfm?id=27762>
- Course materials: paginaspersonales.deusto.es/ineraus/PhD.htm
- **Date due: 31 January. Send assignment to inaki.erauskin@deusto.es .**
